## DEALER OPT OUT FORM

I wish not to participate in the Vehicle Value Protection component of this program. I understand that as a result my eligible customer may go to another GM participating dealer when they want to buy or lease their next GM vehicle so they can process a redemption under this program. However, I understand that my eligible customers that purchase a new 2008, 2009, or 2010 vehicle will be eligible for Payment Protection coverage as explained in the program's terms and conditions.
